

# Tricky Coyote Tales

By Chris Schweizer

## DISCUSS

Talk through your thoughts.

- What is a folktale?
- What is a graphic novel? Would you read it the same way as a book?
- Why did the author write a book where the readers gets to choose the parts of the story?

## CREATE

Make an experience of your own.

- Read this book with others and create a “mini-play” with the story.
- Use materials around your house to make each of the characters. Create a puppet show.

## IMAGINE

Use your imagination to explore.

- Imagine this book with sound. Find things around the house to use for music and reread the story adding rhythms and sound effects!
- What other animal would make a good trickster? Draw, write and share your answer!
