

The Lion and the Mice

HAVE FUN!

By Rebecca Emberley

DISCUSS

Talk through your thoughts.

- Did you think that the mouse would keep his promise to the lion? Why or why not?
- Do lions and mice make friends in real life?

CREATE

Make an experience of your own.

- Color a picture of your favorite animal. Can you make all of the body parts in the wrong colors like the illustrator did in this book?
- Act out this story with a friend or sibling. Who will be the trapped lion? How will the mouse help him? Get creative with a laundry basket or blankets as the lion's trap.

IMAGINE

Use your imagination to explore.

- How are lions and mice the same? How are they different? Think about their body shapes, the sounds they make, the food they eat and the places they live.
- Imagine you were the writer of this book. Would you change the ending? How would you tell the story differently?
