

The Three Little Recyclers

HAVE FUN!

By Robin Koontz

DISCUSS

Talk through your thoughts.

- How is this story similar to the traditional Three Little Pigs? How is it different?
- What does it mean to recycle? Do you recycle at your house?

CREATE

Make an experience of your own.

- Help your parents to sort your recyclable items into three groups; cardboard, glass and plastic.
- Put on a puppet show for your family. Use items that can be recycled to create your puppets.

IMAGINE

Use your imagination to explore.

- Pretend you are A. Wolf. Find things around your house and pretend to *chug* and *chew* them like the big truck before sending them to be recycled.
- If you were one of the little pigs, what would you use to build a house that's so strong it can't be knocked over?
